

Stage 6 – Don't Be Last

On your way to Silverado, the hunger pangs overcome you. You and your pard stop for some hunting before heading to town for a drink.

2 pistols loaded with 5 rounds each, hammers on empty chambers, holstered.
Shotgun, open and empty, staged on the rest, at least 6 rounds to be loaded from your person.

Shooter starts standing by the rest, one hand on one pistol (gunfighters can start with hands on both pistols), and in a crouch. When ready call out '**Last one to the Midnight Star buys!**' At the buzzer, shoot the 4 pistol targets in a continuous Nevada Sweep starting on the right. Holster. Pick up your shotgun and knock down the targets.
