

Stage 4 – Kissed the Girl

You ride into town and find that your brother is in jail and scheduled to hang the next morning for a murder. You go the jail to get his story.

2 pistols loaded with 5 rounds each, hammers on empty chambers, holstered.

Rifle loaded with 8 rounds, hammer on an empty chamber, staged on the rest in the doorway.

Shotgun, open and empty, staged on the rest in the doorway, with 4 rounds to be loaded from your person.

Shooter starts at the left window, both hands on the window sill. When ready call out, **“All I did was kiss the girl!”** At the buzzer, move to the doorway, and shooting through the doorway, shoot the pistol targets in an IRS sweep starting on the right (1 in the 1st target, 2 on the next, 3 on the next, 4 on the last). Holster. Pick up your rifle and double tap alternating, starting on the right. Stage the open and empty rifle on the rest. Pick up your shotgun and sweep the swingers from right to left twice, no double taps.
