

## Pack of Wolves

You've been riding for days through the desert trying to keep ahead of a hungry pack of wolves. You head your horse into an arroyo to try and lose them. When it runs out at a cliff, you know your horse can't go any further. Getting off, you try to climb out, shooting the wolves as you go.

2 pistols loaded with 5 rounds each, holstered, hammer resting on empty chambers.  
Rifle loaded with 10 rounds, hammer on the empty chamber, staged on the rightmost haybale.

Shotgun staged on the leftmost haybale, action open and empty, 4 rounds to be loaded from your person.

Shooter starts by the leftmost haybale, holding the shotgun in both hands. When ready call out "I'll take some of you with me!" After the buzzer shoot the swingers from left to right twice. Place the open and empty shotgun on the haybale. Move to the position between the haybales. Draw your first pistol and shoot the 2 pistol targets alternating from left to right until empty. Holster. Move to the 2<sup>nd</sup> haybale and retrieve your rifle. Starting with the left target, alternate left to right until empty. Place the open and empty rifle on the haybale. Move to the last position. Draw your 2<sup>nd</sup> pistol and shoot the pistol targets alternating left to right until empty.
