

Stage 2: Poker Face

It's gotten very late and you've been winning more than your fair share of hands. You decide to play one more and tell the rest of the table so. As you go through the poker game you find that you have a really bad hand. You bluff big and the other players think you're cheating...

2 pistols loaded with 5 rounds each, holstered, hammers on empty chamber.
Rifle loaded with 10 rounds, hammer on the empty chamber, staged on the table.
Shotgun staged open and empty on the table with 4 rounds to be loaded from your person.

Shooter starts seated with both hands holding a hand of 5 cards. When ready call out **"You gonna fold or draw?"** At the buzzer, drop the cards, stand up, and retrieve your shotgun. Shoot the swingers right to left twice, no double taps. Set your open and empty rifle back on the table. Pick up your rifle and sweep the 3 targets right to left 3 times, put the 10th round in the 100 yard gong for a 5 sec bonus (a miss doesn't get counted as such). Set the open and empty rifle back on the table. Draw your revolvers and sweep the card suit targets from right to left until empty.
