

Saving Penelope

While riding the fence line, you happen across some desperados that have corralled a young gal. Being the chivalrous type, you get off yer horse, sneak up on 'em, and save the gal.

2 pistols loaded with 5 rounds each, holstered, hammers resting on empty chambers.
Rifle loaded with 9 rounds, staged on the left haybale.
Shotgun staged on the right haybale, 4 rounds to be loaded from your person.

Shooter starts kneeling (one knee MUST be on the ground – if the shooter can't kneel, then start position is seated on the stool) at position 1, both hands on the accessible knee. After the buzzer call out **“You better turn around so I don't shoot you in the back!”** Stand up and triple tap the left target and double tap the right target. Holster. Draw your second pistol and single tap the right target and dump 4 in the center. Holster. Move left to the haybale and retrieve your rifle. Triple tap the rifle targets from left to right. Stage the rifle back on the haybale action open and empty. Move to the right haybale and retrieve your shotgun. Shoot the swingers from left to right twice.

Note for setup: Haybales should be as far apart as permitted by space on the line.
