

## Waylaid Delivery – Stage 6

As part of your job as post man in the town of Tombstone, you are delivering mail to the Post Office from the train station. Knowing about a rumor that there are a large amount of bonds in the mail, you bring your shotgun along as protection. On your way to the Post Office you are jumped by a bunch of desperados. Defend yourself with pistol and shotgun!

2 pistols loaded with 5 rounds each, holstered, hammers resting on empty chamber. Shotgun, open and empty, held at port arms, at least 6 rounds to be loaded from your person. Both hands on the shotgun.

Shooter starts standing behind the haybale with both hands on the shotgun. When ready call out, **“there ain’t any bonds!”** After the buzzer, knock down all the plates with the shotgun. All plates must fall, shoot till they’re down! Stage the open and empty shotgun on the haybale. Draw your first pistol and shoot the left target twice, the center target once, and the right target twice. Holster, repeat with the second pistol.
